

36th Congress of the
International Society of Limnology
7 – 10 August 2022 | www.sil2022.org

PLEASE SAVE THE DATE TO JOIN THE SIL CONGRESS NEXT SUMMER:

The Centennial of the International Society of Limnology (SIL)
7 – 10 August 2022 in Berlin, Germany

The motto of the conference reflects the vision of SIL to integrate curiosity-driven research and analysis of real-world grand challenges:

The next 100 years – Sensing and Safeguarding Inland Waters

building on the original ideas expressed in 1922 by the SIL founders, August Thienemann and Einar Naumann.

Share your enthusiasm, insights, worries and solutions pertaining to inland waters by participating in **SIL 100 – The Centennial**. Let us communicate knowledge across disciplines to understand and protect inland waters, to celebrate a truly international society, and to set the agenda for future research on inland waters.

SIL 100 will be a hybrid conference with attendees both on site in Berlin and on line around the world.

We very much look forward to welcoming you to an exciting event in August 2022! Further information will be posted shortly at <https://www.sil2022.org> and through other means.

Best wishes,

Rita Adrian

Mark Gessner

Lars Tranvik

Co-chairs of the 36th SIL Congress

On behalf of the Organizing Committee:

Rita Adrian, Sami Domisch, Mark Gessner, Emma Kritzberg, Florian Leese, Ryan Sponseller, Lars Tranvik, Markus Weitere
